

## "The Electro Swing Revolution, Vol. 2"

(Lolas World Records/ Soulfood)

VÖ: 08<sup>th</sup> of October 2011

"Electro Swing" is booming at a terrific speed! New Electro Swing titles are released worldwide each week. **The Electro Swing Revolution** is in full spate with no end in sight. The Swing Groove conquered the club sound of today. Already in 2008 LOLA'S WORLD RECORDS presented "Swing Style", two Electro-Swing CDs, compiled by DJ Gülbahar Kültür.

In 2010 we launched the new series "**The Electro Swing Revolution**" as a double CD.

Because of the surprisingly positive response now appears, a few months later, the new double CD "**The Electro Swing Revolution Vol 2**".

Gülbahar Kültür and Johannes Heretsch, the two LOLA'S WORLD compilers of this new series, selected a top-class range of the most attractive new releases.

The Radio Bremen researcher Gülbahar Kültür has gathered on her CD only popular titles she uses herself as DJ in clubs, where is only one topic: speed, speed, speed.

### **Intro tips:**

Zarif - Box of Secrets

Parov Stelar - Booty Swing

Shazalakazoo feat. Sofija Knezevic - Sunny Side of the Street

Milk & Sugar vs. Vaya Con Dios - Neh Na, Na, Na

The second CD "Diamonds of Electro Swing": DJ and journalist Johannes Heretsch aka DJ Globalution from Berlin performs for the first time as co-producer and remixer.

So he recorded the swing classic "God Save the Swingking" from the "King of Swing" with Andrej Hermlin and his Swing Dance Orchestra in the famous Studio Wannsee.

Together with Martin-KMM-Freitag he produced a new version of the RotFront anthem "Sigaretta".

This and "Diamond Ring" with the (only 15 years old) duo Coco & Kike proved already as dancefloor burner in Berlin clubs and at the legendary London Electro Swing Club!

Of course, there are also - in addition to nine previously unreleased songs - the hits of pioneers of Electro Swing like Bart & Baker, Tape Five and AlgoRythmik!

"Diamonds of Electro Swing" showcases the enormous stylistic range, this young musical style Electro Swing already has: such as revisited original recordings from the 30s, Spanish & Russian Swing up to Swing adaptations of the Russians in Berlin disco scene.

### **Intro tips:**
